New York Jan 24, 1839

Bro Rev Phelps,

23 I called yesterday on Judge Jay who gave me several intenesting facts respecting the "duplicity of our government in relation to the foreign slave trade" I have not time to give you a sketch of the facts which strongly illustrate the supremacy of slavery at home in paralyzing all pretended attempts to abolish the trade. The following are the references he gave me

Reports of Committees 1st Session of the 21st Congress, 1829 Vol 3.

American State Papers, 2d Session, 18th congress, Vol 1.

American State Papers 1st Sess. 19 Cong. Vol 1.

Edinburgh Review, July, 1836.

You will find all but the last in the State Library, I think, & perhaps that also. Please deliver the accompanying letters & greatly oblige

P. S. I have not time to write Philips now—do excuse him for us.
